Dear Customer,

Thank you for purchasing a Freddy coolant filtration/recycling vacuum. With our 40 years experience in developing and manufacturing the very best in industrial equipment, you can be assured that you have purchased a hard working, reliable, quality product, with service, maintenance and back up to match.

The following instructions have been prepared so that you get the best from your new Freddy vacuum. Please read them carefully. Particular attention should be paid to using the correct filter bags as this will ensure your machine works correctly for many years. The warranty on your Freddy is invalidated if filters are not used.

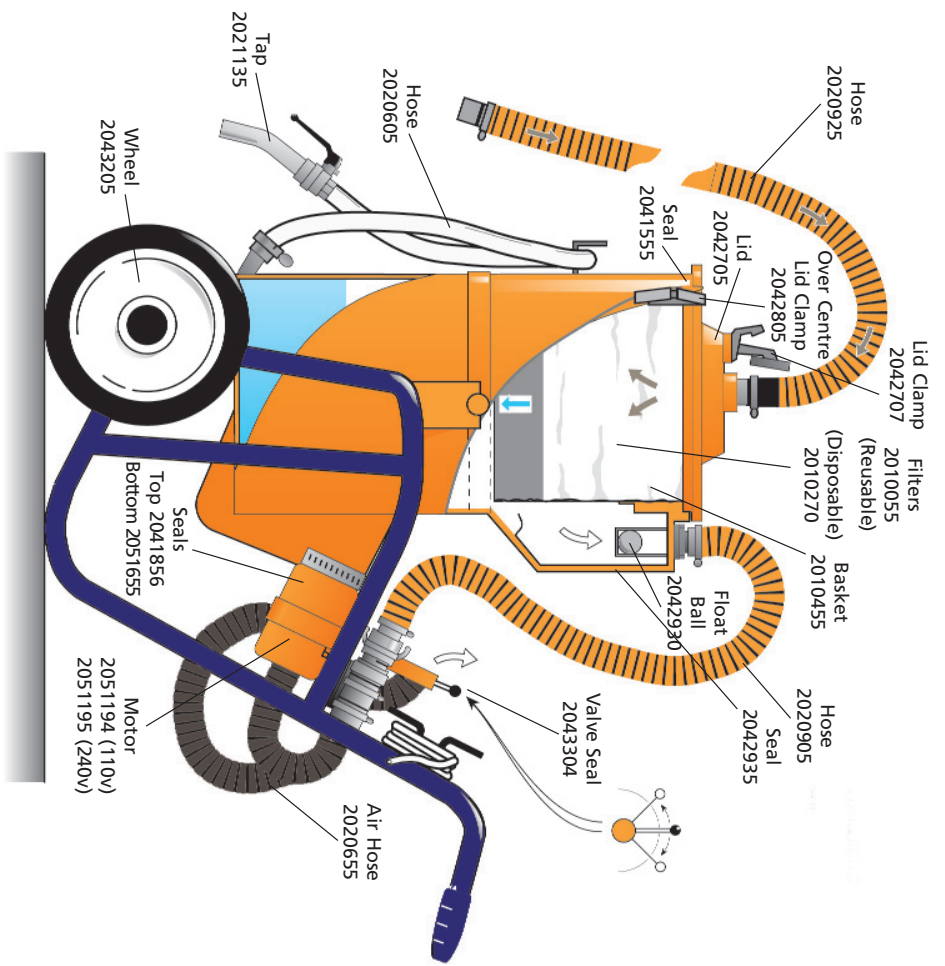

Your safety is of paramount importance. Therefore if you are unsure about anything please contact our customer care department on 01386 561113.
